CÂU III (2,5 điểm). Hãy đọc đoạn văn sau. Dùng những từ/cụm từ gợi ý để đặt câu hỏi và trả lời:

Isaac Newton is one of the greatest men in the history of science. He was born in a small village of Woolthorpe in England in 1642. His father was a poor farmer. When the boy was fourteen, his father died. Newton left school and helped his mother on the farm. The boy did not like farming. He was fond of poetry and mathematics. Newton was sent back to school where he studied well and made his first scientific experiments. After he left school, he studied at Cambridge University. He became famous at the age of twenty-one. When he was twenty-two years old, he began studying the theory of gravitation. Isaac Newton died in 1727 at the age of eighty-five.
