When I was younger, I hated being the oldest child and the only girl in my family. But now that I						
am older, I realize that being "Big Sister" actually has its advantages. First of all, I get special						
treatment from my parents and brothers. I get my own room, and brothers have to do all the heavy						
work around the house. Another benefit is that, being the oldest, I have learned to be responsible and						
dependable. For example, my parents often leave my brothers in my care when they go out. I also try						
my best in whatever I do in order to be a good example for my brothers. The experience I've had in						
taking care of my brothers has prepared me for my own family in the future. So, even though I didn't						
choose to be the oldest child and the only girl in my family, I have succeeded in making this situation						
work to my best advantage.
